---

Summary

Detail-oriented and motivated Aspiring Data Analyst with a strong foundation in SQL, Microsoft Excel, and Power BI. Hands-on experience gained through industry-recognized virtual job simulations with Tata and Deloitte Australia, involving data cleaning, analysis, reporting, and deriving actionable business insights. Passionate about transforming raw data into meaningful insights to support data-driven decision-making. Actively seeking entry-level Data Analyst, Junior Data Analyst, or Data Analytics Intern opportunities.
